In re Application of VAN DER WEIDE :
U.S. Application No.: 10/599,989 :
PCT Application No.: PCT/IB2005/051182 : COMMUNICATION
Attorney Docket No.: NL040409 :
For: RECONFIGURABLE PULSE DETECTOR :
IN WIRELESS COMMUNICATIONS SYSTEM :

This application is before the Office of PCT Legal Administration for consideration of issues arising under 35 U.S.C. 371.

On 17 October 2006, applicant filed two sets of national stage papers in the United States Designated/Elected Office (DO/EO/US) via the EFS-Web electronic filing system of the USPTO ("EFS-Web"). The first set was assigned U.S. Application Number 10/599,988, and the second set was assigned U.S. Application Number 10/599,989.

The end result for an international application designating the United States is a single U.S. national stage application. Therefore, the submission of two different sets of application papers to enter the national stage in the United States was improper.

A proper response must be filed within TWO (2) MONTHS from the mail date of this communication, including an appropriate explanation concerning the above-identified issue.

Please direct further correspondence with respect to this matter to Mail Stop PCT, Commissioner for Patents, Office of PCT Legal Administration, P.O. Box 1450, Alexandria, Virginia 22313-1450, with the contents of the letter marked to the attention of the Office of PCT Legal Administration.
